ESTATE GROWN WINES
SUSTAINABLY FARMED
NEW APPELLATION

GROWERS

The Cantarero family pioneered the subzone Uclés in La Mancha. So far, one third of their vineyards have been certified organic, and they are working to become 100% organic in the next few years.

LAND

Produced with grapes from the Santa Cruz and El Pozo vineyards. 124 acres of Calcerous soil in Uclés, grapes here grow at an elevation of 2,800 feet-the highest point in La Mancha and cooler than the rest of the region!

FARMING

Sustainably farmed from mostly organic vineyards harvested in early September.

WINE

100% Verdejo
Fermented in stainless steel tanks, then aged 3 months in bottle. Aromatic, light and refreshing with vibrant citrus notes. A great value!
Total bottles produced: 36,000.

FOOD

Poultry, zucchini and eggplant, olive oil

UPC CODE: 437001429400

12% ALCOHOL
