NEW APPELLATION

#### GROWERS

The Cantarero family pioneered the subzone Uclés in La Mancha. So far, one third of their vineyards have been certified organic, and they are working to become 100% organic in the next few years.

#### LAND

Produced with grapes from the Santa Cruz and El Pozo vineyards. 124 acres of Calcerous soil in Uclés, grapes here grow at an elevation of 2,800 feet-the highest point in La Mancha and cooler than the rest of the region!

#### FARMING

Sustainably farmed from mostly organic vineyards harvested in early September.

#### WINE

100% Tempranillo  
Fermented in stainless steel tanks, then aged 3 months in bottle. Smooth with notes of cherry, raspberry and strawberry. An insane value!  
Total Bottles Produced: 36,000

#### FOOD

Poultry, onion, white beans, purple garlic, paprika
