GROWERS

The Cantarero family pioneered the subzone Uclés in La Mancha. So far, one third of their vineyards have been certified organic, and they are working to become 100% organic in the next few years.

LAND

Produced with grapes from the Santa Cruz and El Pozo vineyards. 124 acres of Calcerous soil in Uclés, grapes here grow at an elevation of 2,800 feet-the highest point in La Mancha and cooler than the rest of the region!

FARMING

Sustainably farmed from mostly organic vineyards harvested in early September.

WINE

100% Tempranillo
Fermented in stainless steel tanks, then aged 6 months in bottle.
Deep color and ripe berry taste. An insane value!
Total Bottles Produced: 68,000

FOOD

Rabbit, wild boar, thyme, Manchego
