GROWERS

Casa Mariol is a 100+ year old, family-owned winery based in Terra Alta, Catalunya. They produce: fun, amazing, straightforward, un-oaked, well-priced wines that were chosen to represent the new image of Spanish wine in the Shanghai World's Fair.

LAND

Mariol's Garnatxa Blanca is produced with grapes grown in the Algars Vineyard in Terra Alta. It's Calcerous brown soil, at an elevation of 3767 feet, supports 1500 vines per acre.

FARMING

Sustainably farmed grapes are harvested in Mid-September from traditionally trained vines.

WINE

Fermented in stainless steel tanks for 14 days, this wine remains unoaked. This single varietal wine has the intensity and aroma one would expect of a Garnatxa Blanca with just a hint of sweetness for drinkability.
