GROWERS

Casa Mariol is a 100+ year old, family-owned winery based in Terra Alta, Catalunya. They produce: fun, amazing, straightforward, un-oaked, well-priced wines that were chosen to represent the new image of Spanish wine in the Shanghai World's Fair.

LAND

Mariol's Macabeu is produced with grapes grown in the hills of Terra Alta. It's Calcerous brown soil, at an elevation of 3767 feet, supports 1500 vines per acre.

FARMING

Sustainably farmed grapes are harvested in Mid-September from traditionally trained old vines.

WINE

100% Macabeu
Fermented in stainless steel tanks for 4 days, this wine is unoaked and bottled young. Remarkably light and fresh with lovely fruit. Downright appealing for this sturdy and somewhat dull blending grape.
Only 6,000 bottles produced.

FOOD

Fish, paella and cheese
